Re: MB Docket No. 10-56

Dear Chairman Genachowski:

I am writing the FCC in regard to the proposed partnership of Comcast and NBC Universal. Comcast is a tremendous partner to the community of Fayetteville, Georgia, and as Mayor I am pleased to write in support of the Comcast and NBC Universal union.

Comcast is one of Georgia and Fayetteville's leading economic development drivers and corporate citizens. The company has established nearly 100 jobs in the Fayette County community. These are quality jobs, with good salaries and benefits that support our local families. Furthermore, Comcast has made significant investments in the infrastructure of Georgia, which has allowed the businesses and homes of Fayetteville access to the services they want and need, such as high-speed Internet.

Comcast has also lived up to its promise to be a good community partner here in Fayetteville. Through Comcast Cares Day it has shown remarkable volunteer support for local charities. Comcast also gives back by providing courtesy service to our libraries, municipal buildings and schools.

Comcast has been a tremendous corporate partner in Fayetteville. As such, I encourage FCC approval of the proposal currently before you for review.

Sincerely,

Ken Steele  
Mayor of Fayetteville, Georgia
